# ·-왕 MESSAGE FROM THE CHAIRMAN'S DESK

hen we attempt to see our future, we look forward to our children. So it is the need of the hour to nurture them appropriately by providing them the right kind of environment, allowing them to develop into comprehensive individuals, who will be capable to lead the nation, build the nation and accordingly contribute towards societal development and welfare. With this provoking thoughts in mind, VGS attempts to provide positive instincts to every child to stretch his/her innate learning competencies through a process of self-discovery. At the heart of our educational philosophy is the belief that every child possesses unique potential.

We are committed to nurturing, guiding, and refining their talents and skills, ensuring that these abilities are meaningfully developed and purposefully utilized. Our goal is to empower each student to lead a successful and fulfilling life, equipped with the confidence and knowledge to navigate their future with satisfaction and confidence.

VGS offers a strong and enriched curriculum constituting curricular and co-curricular activities to its students to explore their hidden potentials and equip them with life skills essential to face the real vibrant world.

With the determination of the management, dedicated teaching as well as non-teaching staff and the firm support of the parents, VGS has been striving and will continue to harness the capabilities of our students.

"The function of education is to teach one to think intensively and critically."

Martin Luther King Jr

ndoubtedly, life is the apex system of learning, providing enormous scope for enriched experiences. Its only limitation is the unpredicted time of learning a particular aspect. The schools so developed are to provide opportunities for desired learning at a desirable juncture and age of a child. We at Vasishtha Genesis School have been harnessing this need of the society in general and of children in specific, since the past decade, and it is a matter of deep satisfaction that VGS is able to achieve the same. Yes, the conscious attempts to develop students are reaping results in the form of desirable changes developed in students and we assure that the quest for excellence comprehensively will be quenched continuously.

Indeed our children have unexploited abilities in themselves and we make sure they get the best environment to unearth these potentials so that they become the body of ethos, values, patience, persistence, courage, confidence and overall a selfless human.

We understand that our children deserve the best and therefore we look forward to the continuous cooperation and coordination of the parents. Positive attempts at their end will not only boost and motivate their children but will also grease the school system in gearing its flawless efforts in grooming the students.

We look ahead progressively in the academic session going on and to come ahead.

# ⊕ MESSAGE FROM THE ADVISOR'S DESK

"Real education enhances the dignity of a human being and increases his or her self-respect." - Dr. A.P.J. Abdul Kalam

We, at Vasishtha Genesis School, believe in imparting 'real education' by bringing an appropriate balance in 'Knowledge and Wisdom'. Every child is curious by nature hence we allow children to explore through activity-based learning and help in beautifying the inner and outer world of a child. We provide holistic education and lay emphasis on all-round development of students. Hence, the focus is chiefly on academics along with other dimensions of constant growth and development of the students including Sports and

We feel happy that with the time 'Vasishtha Genesis School' has stood as a synonym for successful learning and primacy for its value in academics and beyond academics.

# ··ह्य MESSAGE FROM THE PRINCIPAL'S DESK

Today, the role of a school is not only to pursue academic excellence but also to motivate and empower its students to be lifelong learners, critical thinkers, and productive members of an ever-changing global society. At Vasishtha Genesis School, we offer an outstanding educational program that is robust in its academic aims, innovative in its instructional approach and rigorous in the pursuit for excellence. Our approaches to learning are child centric, encouraging, activity-based and help inculcate a scientific temper as well as a spirit of free enquiry. Our curriculum ensures that the student is the primary focus and each child is involved in the learning process and it is consistently reviewed to ensure that we are following the best and updated practices, meeting all regulations and addressing the future needs of our students.

We explore the possibilities in every individual student, hone their skills and make them capable in pursuit of worthy goals in the service of the Nation and Humanity. We aim to empower our students in such a manner that they act as representatives of a meaningful and value-based society.

There are only two lasting bequests we can hope to give our children. One of these is roots; the other, wings! Roots are offered by the parents and wings, by us at VGS. We look forward to a long association with all our stakeholders. Let's join hands in grooming the young minds so that they may walk the path of life successfully.

### **Building Strong Foundations**

## PRE-PRIMARY (Nur, JR KG, & SR KG)

The kindergarten years serve as a gateway to exploration and learning for our youngest learners. Our play-based, activity-driven approach nurtures early skills such as recognition, reading, and social interaction. Through group activities and interactive play, children develop adaptability and foundational cognitive skills, setting the stage for a lifelong love of learning.

## PRIMARY (I - V)

The primary years form the bedrock of a child's education, where we foster curiosity and active learning. Students engage in individual and group activities designed to support their physical, social, and academic growth. A broad and enriching curriculum helps build a strong foundation in core subjects, preparing them for the next phase of their educational journey.

## MIDDLE (VI - VIII)

In the middle years, we introduce a framework of academic challenges that encourage students to delve deeper into real-world concepts and issues. Through critical thinking and problem-solving, students develop essential skills for their academic careers and beyond.

### SECONDARY (IX - X)

At the secondary level, students are encouraged to explore and excel in personal interests. Our curriculum emphasizes skill mastery through focused learning, helping students build confidence and competence in key subjects while preparing for their board examinations and future endeavours.

### SENIOR SECONDARY (XI - XII)

As students approach the end of their school journey, the senior secondary years offer the opportunity to specialize in Science or Commerce. With tailored focuses, students work diligently toward achieving excellence. Expert career counselling and interactive sessions ensure they are well-equipped to face future academic and professional challenges.

Our students actively participate in NCC training develop sessions, leadership skills, teamwork, and accolades resilience, earning various competitions and events.

## FROM S.T.E.M TO S.T.E.A.M

As education evolves from S.T.E.M (Science, Technology, Engineering, and Mathematics) to S.T.E.A.M (with the inclusion of Art), art integration has become central to our teaching approach. At VGS, students engage in creative processes through various projects and exhibitions, connecting art with subject areas to enhance understanding and meet dynamic learning objectives. This interdisciplinary approach allows students to demonstrate knowledge in innovative ways, fostering both academic and artistic growth.

# GROWTH OPPORTUNITIES

### HOUSE SYSTEM & SCHOOL COUNCIL

Under the banners of Aryabhatt House, Bhaskar House, Raman House, and Sarabhai House, students engage in various events and activities promoting friendly competition and leadership. Student leaders elected from the council play a crucial role in coordinating activities, encouraging participation, and serving as role models, instilling a sense of community and belonging.

### SCHOOL CLUBS

We nurture individual talents and encourage students to explore their interests through various clubs. By enrolling in these clubs, students connect with like-minded peers and collaborate toward shared goals enhancing their skills, fostering creativity, and building a strong sense of community.

### ECO SCHOOLS PROGRAMME

Our school is a proud participant in the Eco-Schools Programme, fostering a deep commitment to environmental sustainability and communitTy service. Students contribute to eco-friendly initiatives, earning the prestigious Eco-Schools Green Flag and Green Badge awards, showcasing our dedication to building an environmentally responsible and socially aware community.

### INTERACT CLUB

The Interact Club, in partnership with the Rotary Club of Bardoli, provides students with a unique platform to develop leadership skills and a sense of social responsibility. With 40 active members, the club focuses on community service projects that empower students to make meaningful contributions to society through workshops, collaborations, and outreach activities.

### CAREER GUIDANCE

Career guidance is provided to our students through regular sessions with experts from various fields of education and industry. These sessions are designed to help students navigate the right path for further studies and career opportunities. Throughout the year, we organize career guidance programs that empower students to explore diverse possibilities and prepare for a successful future.

INTELLIGENCE plus CHARACTER - that is the GOAL of true education.
